CURRICULUM POLICY

At Campbell, we cherish the life of the mind, whatever a student's academic profile. Indeed, when we see a student, we do not see a grade, or a label: we see an individual, with potential, and it is our duty to add value by helping a student achieve academic success and appreciate the joy of becoming a lifelong learner. Prepare to be challenged, stretched and tested at Campbell.

Key Stage 3

Upon entry boys are banded into 6 classes and all take English, Mathematics, Science, Spanish, History, Home Economics, Geography, Drama, Religious Studies, Art, Music, Design and Technology, Information Communication Technology, Physical Education and Learning for Life and Work. Following an assessment some pupils will receive additional support in Literacy and Numeracy.

In **Year 9** all boys take up German or French. Following an assessment some pupils will receive additional support in Literacy and Numeracy.

In **Year 10** Science is studied as the three separate disciplines of Biology, Chemistry and Physics. During Year 10, pupils select their course of study for GCSE. Parents and pupils are encouraged to consult with subject teachers and Personal Tutors before any final decisions are made. Following an assessment some pupils will receive additional support in Literacy and Numeracy.

Key Stage 4

In Years 11 and 12 a varied programme of GCSE subjects is offered within the requirements of the Northern Ireland Curriculum. The subjects, currently, offered include Additional Mathematics, Art and Design, Business Studies, Drama, English Language, English Literature, French, Geography, German, History, Hospitality, ICT, Journalism, Leisure and Tourism, Mathematics, Music, Physical Education, Product Design, Science (offered as either Double Award Science or the three separate Sciences), Spanish, Technology and Design, and Religious Studies as a short course. There is also some provision for pupils to vary the number of subjects they study for GCSE.

Sixth Form

Pupils in Year 13 (Lower Sixth) take three or four AS subjects chosen from a wide range which includes Applied Business, Leisure Studies, and Theatre Studies, Further Mathematics and Political Studies as well as the previously mentioned subjects. Pupils in Year 13 have the opportunity to select an Enrichment Programme from the range on offer.

At Year 14 (Upper Sixth) these entire subjects may be taken to A Level. There is ample opportunity for discussion between parents, teachers, Personal Tutors and Careers Advisors before the final programme is decided.

In periods of non-class contact, students are in Supervised Study

CAREERS

The Careers Department provides a comprehensive programme of Careers Education, Information, Advice and Guidance through: taught programmes; one-to-one guidance; a range of activities, trip and visits; comprehensive resources and research assistance; mock interviews; links with local industry; labour market and economic information; work experience.

Careers Education, Information, Advice and Guidance is seen as an essential aspect of College life, underpinning the entire curriculum and preparing our pupils for success in further education, working life and lifelong learning. The CEIAG programme encourages pupils to use their academic qualifications, extra-curricular experience and transferable skills to fulfil their potential.

Primary

In the Junior School we seek to promote excellence in academic, cultural and sporting pursuits. Our ethos is that of living and learning together within a family atmosphere. We aim to deliver a curriculum that exceeds the requirements of statutory government guidelines in such a way that each child will learn in a manner that is effective for him.

Specialist teaching of P.E., Music, Art and Modern Languages is provided by staff from Campbell College. We offer a comprehensive Total Curriculum programme, an Early Morning Club and an After School Club.

Special Educational Needs

The *Code of Practice on the Identification and Assessment of Special Educational Needs* (September 1998) requires schools to report annually to parents on the steps taken to implement the SEN Policy. The SEN Policy is reviewed annually.

Campbell College has two SEN co-ordinators (SENCOs) in place who maintain the SEN Register, help to identify pupils with SEN and liaise with Heads of Year, Heads of Department, subject teachers, parents and external agencies. Pupils with Special Educational Needs are taught in mainstream classes and teachers are made aware of relevant needs and appropriate strategies. Extra literacy and numeracy support is available in Years 8, 9 and 10 and at GCSE. A Study support option is available at GCSE.

Provision for statemented pupils who are at Stage 5 of the Code of Practice for the Identification and Assessment of Special Needs is co-ordinated by the SENCOs in liaison with external agencies. This provision is formally reviewed on an annual basis.

TOTAL CURRICULUM

Boys are encouraged to believe in the breadth of their education and to participate in a wide range of co-curricular activities.

Cultural activities flourish at Campbell College and at our Junior School. The Arts, in particular, prosper through a strong programme of Music and Drama; the strength of the Visual Arts has long been a feature of both schools. The quality of work on display on both sites and, particularly, in the examination exhibitions at Campbell College testifies to the development of talent in this area.

Drama is encouraged from the early years in the Junior School through to the Sixth Form at Campbell College. The annual House Drama Competition at Campbell College is a popular event in the school calendar and encourages all forms of participation from a large number of boys. Backstage work is acknowledged with a Cup for the Best Director being awarded alongside that of Best Play and Best Actor. The recently

refurbished Drama Studio, situated at the back of the Central Hall, has already proved a popular and successful concert, production and teaching space.

Individual instrumental tuition is available to students at the Junior School and Campbell College; the Band [Junior School], Campbell College Orchestra, the Junior Orchestra (for boys in Years 8, 9 and 10) and the Jazz Orchestra provide opportunities for public performance; a number of charity events and concerts outside school lend further experience of playing to a public audience.

Campbell requires every student to participate in some physical activity unless there are compelling medical reasons for him not to do so. We seek the full development of our students' intellectual and physical potential. Every boy is introduced to the skills necessary for success in team games, we encourage all boys to join a team; the rich experiences offered by being a member of a purposeful community in both inter-school and inter-House competitions are actively promoted.

The sports and activities offered include, archery, association football, athletics, badminton, basketball, chess, climbing, computer club, cricket, cross-country, fencing, golf, hill-walking, hockey, mini-rugby (at the Junior School), mountaineering, orienteering, rugby, sailing, Scripture Union, shooting, squash, show-jumping, swimming, tennis, volleyball and waterpolo.

The College has a vibrant Duke of Edinburgh Award Scheme and our Charities Committee organise activities in support of the local community and on behalf of other charitable bodies.

A summary detailing achievements within our Total Curriculum (2009-10) may be downloaded from the College website www.campbellcollege.co.uk, a link will be provided on the homepage.

SECURITY

The College has a Security Policy, reviewed on an annual basis, and employs four security personnel (3 on the main gate and a resident employee patrolling at night along with outside security contractors).

LINKS WITH THE COMMUNITY

During the year the College and its Junior School continued to foster school-community links programmes through:

- Christmas Charity Fair held in December 2009; charity stalls sold a variety of products to raise money for the ventures they supported.
- Daffodil Tea held in April 2010; a gathering of senior citizens came to enjoy bingo, the Pipe Band, The Jazz Band, Junior Choir and afternoon tea.
- IRFU Ulster Branch and IRFU: the College regularly hosts matches, for example, Ulster Schools' vs Munster Schools'.

- The College facilities are used as a training venue for Provincial rugby squads.
- Summer coaching courses, run by Ulster Rugby, for up to 100 boys and girls, 6 to 14 years old.
- The Old Campbellian Hockey Club uses the All Weather Pitches.
- The CCB Fencing Club is strongly linked with Belfast Fencing Club through the establishment of a partnership that allows the school access to an extensive supply of fencing equipment while the school, in turn, allows BFC access to facilities for evening training sessions. Through this partnership we have established strong links with a local charity called 'Friends of Children'; CCB and BFC jointly organise a charity fencing competition with all proceeds going towards this charity.
